

Voters List Is Big Item Left in Legislature

By JOHN R. STARR

LITTLE ROCK (AP)—The Arkansas Legislature heads into the last two frantic days of the 1963 session today with all major controversial matters except voter registration settled.

Legislative activity was expected to come at a furious pace until adjournment at noon Thursday but the big issues are now history.

Sen. Tom Allen of Brinkley took command of the voter registration situation by announcing that he would object to a second reading of the House registration bill. If his objection is sustained, the bill will be dead for this session.

The Faubus administration settled Tuesday for questionable passage of a compromise insurance investment bill through a change in the House parliamentarian's ruling rather than a change in votes.

Parliamentarian Neil Bohlinger said he has studied the bill and there was a question in his mind whether the bill could legally pass with 51 votes or whether it needed 75.

Speaker Marion Crank ruled that the bill would pass with 51 votes and the courts could decide whether it was legal.

The vote was 61-33 for the bill. The bill provides for a one-half per cent increase in the premium tax on insurance companies which do not invest in Arkansas 50 per cent of the reserves accruing in their Arkansas policies after Jan. 1, 1963.

Bohlinger said he could not decide whether the one-half per cent should be considered a tax, in which case the bill would need 75 votes to pass, or a penalty, in which case it could get by with 51.

Bohlinger ruled on March 3 that the bill needed 75 votes and Crank declared it had failed although it got 62 votes to 34 against it.

Administration forces worked vigorously during the next few days to round up 13 additional votes, but they were unsuccessful.

The change in the parliamentarian's ruling caught opponents to the bill by surprise Tuesday. Benton County Rep. Hardy Croxton, who carried the fight against it, said he learned the ruling would be changed 20 minutes before the bill was brought up on reconsideration.

Croxton said he felt the bill is illegal and will be declared so by the courts. A spokesman for the insurance industry said the question definitely will be carried to the courts.

Several legislators said passage of a bill of questionable legality was designed to save face for Gov. Orval E. Faubus who pushed hard for insurance investment legislation.

Road Surface Improvement

FAYETTEVILLE, Ark. (AP)—Two University of Arkansas professors have revealed research work showing that improvement of the preparation of road surfacing materials may be more important than altering methods of application, Professor J. R. Bissett and assistant professor Miller C. Ford of the University's Department of Civil Engineering, said a section of road treated with a sealer remained in good condition after two years of use, while an untreated section was ruined. They have been conducting research on roads in eastern Arkansas.

President in Defense of Tax Cut Plan

By FRANK CORMIER

WASHINGTON (AP)—President Kennedy said today the economy will face "downturn and disaster" if Congress rejects proposed tax cuts, slashes the budget and puts a tight lid on the national debt.

In a significant attempt to broaden current debate over economic policy, Kennedy argued that tax cuts alone cannot insure the success of his ideas for joining the economy. He said it also is important to avoid "an unrealistic debt ceiling or budget cut."

Wrong decisions in these three policy areas would, he said, "spell downturn and disaster for the American economy as a whole." In remarks prepared for the annual Washington conference of the Advertising Council, Kennedy said wrong decisions on all three points were made in 1957-1960 by a Republican administration and a Democratic Congress.

As a result, he contended, the nation has been paying a high price ever since by slogging along with a below-par economy.

"I am hopeful," Kennedy said, "that the lessons of history will be remembered by us all—by those of us in the administration and the Congress, and those in this audience who are leaders of opinion in the business community."

The scope of Kennedy's argument, in what originally was expected to be a brief and rather routine appearance, seemed a measure of presidential concern over congressional criticism of the administration's record \$98.8-billion budget and the request for a continuation of the record temporary debt ceiling of \$308 billion. The White House is expected to ask a higher debt ceiling later. By linking both these items with the attention-getting tax cut issue, the President seemed bent on seeking broader support for a more boldly stated plan of attack on the ills of the economy.

In essence, this was the argument, described as non-partisan, which Kennedy put forward: "The faults of the last five years" were attributed, in the President's words, to a bipartisan decision "in 1957 to keep the debt limit unrealistically low, to cut back and stretch out our budget expenditures, to tighten monetary policy and to reject all efforts at tax reduction."

Kennedy contended the situation was aggravated in 1960 by further moves toward "tight money."

"The harsh results" were described as a slowdown in contracts, a delay in federal payments to business, two costly recessions and bigger-than-ever budget deficits.

Killed by Tree

MCGEEHEE, Ark. (AP)—Carl Kaufman, 56, of McGehee, was killed by a falling tree Thursday. Corner Raymond Stephens said Kaufman was trying to free a saw from the tree by pulling the tree over with a tractor and chain. The tree struck Kaufman on the head and chest, he said. The accident happened near Salem in Drew County.

Red Crops Lagging

MOSCOW (AP)—Premier Khrushchev told newly appointed Soviet arm bosses Tuesday to boost lagging crop production.

Treason Trial

ACCRA, Ghana (AP)—Six men and a woman went on trial Tuesday on charges of treason in connection with an attempt to assassinate President Kwame Nkrumah last year.

State Flower Planted at Capitol

The above picture was taken Tuesday morning on the west mall of the State Capitol Grounds during the planting of sixty crab apple trees, a project of the Secretary of State. This is the State flower.
Reading left to right are: Mrs. Verna Jacob Herndon, Rogers, Ark.; Rep. Talbot Feild Jr., Hempstead County; Kelly Bryant, Secretary of State; Edgar Driver, Rogers (kneeling); Rep. Bernice Kaiser, Sebastian County; Rep. Roy Galyean, Benton County.

Jr.-Sr. High PTA Meets Thurs. Night

The Junior-Senior High PTA meets Thursday night at 7:30 in the Junior High auditorium.

Earl Downs, vocational guidance instructor, is in charge of the program. As parents do you know the answers to the following questions?

- 1.—Is the IQ used? How Obtained? If used, how?
- 2.—Is it possible for a student to make a low score on tests and still make high grades?
- 3.—Are test scores sent to Colleges? At what grade level are they sent?

The answers to these and many more questions will be given on Thursday night at the PTA meet.

42 Members Attend Farm Bureau Meet

The monthly Farm Bureau meeting attracted 42 members and wives last night, said Audrey Wilson, president of the organization.

Farm Bureau's Farm Safety Director James Burns of Little Rock gave an interesting demonstration on fire safety. Mr. Burns discussed causes of fires and how to control various kinds of fires. He displayed different materials that commonly cause fires and then created a fire which he extinguished.

Cecil Bittle, Assistant Director of the Southwest Branch Experiment Station told of the beef bull performance testing program that is being conducted at the local station. He stated that a field day and sale would be held on April 11, 37 bulls, consisting of four Angus and 33 Herefords are on test. Approximately 30 head will be offered for sale.

Ned Purdie told the group that the Beef Cattlemen's Assn. would meet Thursday night, March 21. He said that John Dameron, Assistant Director of Cotton Branch Experiment Station at Marianna, Ark., would discuss beef cattle feeding.

County Agent Calvin Caldwell told the group that beginning on Tuesday morning, March 19, Dr. Rogers would be available to vaccinate dogs against rabies. A schedule of vaccination will appear in this paper later. Mr. Caldwell also announced that beginning April 15, Mr. William Durham would be available with a sprayer to spray cattle of this county on a fee basis. Those wishing to be included in the spray program should contact the Extension Office.

The program for next month will be on weed control on row crops and pastures, said Sidney Cash, program chairman.

Missions Meet at Emmet Church

The Emmet Methodist Church will participate in the Idergate Witnessing Mission being held March 17-21 in Methodist Churches in this area. Speaking each evening at 7:30 will be the Rev. Clyde E. Crozier, pastor of the Clinton Methodist Church, Clinton, Ark. An invitation is extended to persons living in the Emmet area to attend these services.

Snow Causes Hungry Floods

BUDAPEST (AP)—Melling snow sent flood waters raging over widespread areas of Hungary Tuesday, causing at least one death, and swamped some major railway lines.

Clubs Don't Want Plant at N.L.R.

NORTH LITTLE ROCK (AP)—A Wisconsin firm wants to build a paper mill in North Little Rock and the city's Garden Club Council is raising a stink about it.

"That is, the council is raising a stink about the stink."

The council, made up of representatives of 14 clubs, protested to city officials because of the odor accompanying a paper mill.

The clubs said they approved of industrial growth, but not of what they called air pollution. The Maumelle Industrial Commission and the chamber of commerce are negotiating with a Green Bay, Wis., firm about a Kraft paper plant in the Maumelle Industrial District just northwest of the city.

North Little Rock Mayor W. F. Laman said today he could not comment on the situation until the commission brought a proposal to the city council on the mill. He said the council would have the final say.

Laman said the paper mill is just one of the industries with which the commission is negotiating.

The \$15 million mill would be privately financed and would employ 200 persons at peak operation. It would turn out a heavy, brown paper.

Negotiators were expected to meet later today to talk about a water supply. A transmission system might have to be built across the Arkansas River.

Newsman Called By Committee

WASHINGTON (AP)—A House Antitrust subcommittee, eyeing the decline of "toe-to-toe" newspaper competition in U.S. cities, begins a month of hearings today aimed at finding out the cause. More than 40 witnesses, representing the government, publishers, editors, business managers, advertising executives and unions will be called during the inquiry, the most intensive study of news media congress has ever undertaken.

Rep. Emanuel Celler, D-N.Y., subcommittee chairman, ordered the inquiry more than a year ago after two papers in Los Angeles folded. Its scope has since expanded to take in radio and television as well.

Three Eligible

WASHINGTON (AP)—Arnold B. Sikes, John E. Parish and David P. Wood are eligible for the postmastership at North Little Rock, Ark. The Civil Service Commission announced Tuesday. Acting Postmaster Franklin E. Burks was not among the seven applicants for the \$8,840-a-year post. President Kennedy may nominate any one of the three, subject to Senate confirmation.

Crossett in Approval of Bond Issue

CROSSETT, Ark. (AP)—A bond issue to finance \$14 million in improvements proposed by the Georgia-Pacific Corp. for its Crossett Division was approved Tuesday by voters here.

The issue, largest called in Arkansas under Act 9 of 1959, would provide funds for construction of a tissue paper mill, plywood plant and fresh water reservoir. It was approved by a vote of 673 for to 26 against.

The voter turnout, compared to the some 1,200 persons who cast ballots in the general election here last November, was considered excellent by observers.

Jobs for some 275 persons would be created by the new facilities, at a payroll of about \$1.5 million a year.

The bonds would be repaid by rental fees and no new taxes would be assessed under the issue.

Georgia Pacific last year bought the Crossett Company and operates it as a subsidiary, the Crossett Division.

Timber Burns Near Hampton

HAMPTON, Ark. (AP)—A strip of cutover pine timber land about 3½ miles long was burned Tuesday by a fire that raged at times nearly a mile wide. Sheriff Doyle Duncan, who estimated the size of the fire, said most of the land belonged to International Paper Co.

It had not been planted in a forestry project, he said.

The fire started about a mile below state Highway 4, jumped that road in a high wind and progressed another 2½ miles before being brought under control, Duncan said. How the fire started was not determined, he added.

Five persons died as the result of severe flooding in southern Arkansas.

30,000 Left Homeless by Floodwaters

By THE ASSOCIATED PRESS

Water rationing begins in Harlan, Ky., today as devastating floods and deadly tornadoes left more than 30,000 persons homeless in the South and property damage in the millions.

Seventeen persons were dead and six others missing. Twelve of the deaths were attributed to floods, and five to tornadoes.

A flash flood—one of several caused by torrential rain—knocked out the pumping station at Harlan about noon Tuesday, leaving the city and outlying communities without water.

Civil defense director Bill Haight made arrangements to truck water from fresh wells on a hillside and from a soft drink plant at nearby Baxter if the plant could distill river water for drinking.

Schools were closed in Harlan County and gasoline was limited to emergency vehicles. Many persons were trying to clean up the slime and mud.

The American Red Cross opened disaster headquarters in Huntington, W. Va., to direct work in flood-stricken sections of Kentucky, West Virginia and Virginia.

Southeastern area Red Cross workers helped cope with conditions created by widely scattered tornadoes and some flooding in portions of Mississippi, Alabama and Tennessee.

The Red Cross said the twisters affected at least 58 families in Mississippi, 510 in Alabama and 472 in Tennessee. The tornado deaths occurred in those states Monday.

Major damage in Kentucky was caused by the flooding Big Sandy, Cumberland and Kentucky rivers. The swirling waters forced more than 25,000 persons to flee their homes.

Lt. Gov. Wilson W. Wyatt asked President Kennedy to designate 20 mountain counties as disaster areas. Helicopters were used to ferry food into isolated communities while refugees were quartered in public buildings, schools, court-houses or moved in with relatives.

Water was four feet deep in the business district of Pikeville but was receding. Big Sandy crested there at 50 feet, 15 feet above flood stage.

A railroad fireman died when a Chesapeake & Ohio coal train slammed into a landslide and then plunged into the river near Pikeville. Another man drowned in Kentucky and a third was missing and presumed drowned.

Five persons died as the result of severe flooding in southern Arkansas.

No Gas Hike for Present

LITTLE ROCK (AP)—W. R. Stephens, president of Arkansas Louisiana Gas Co., said Tuesday his firm will not increase the cost of gas to domestic users this year.

Stephens said the firm had received authority to do so under the escalator provisions of its rates, but while the cost of gas to his firm has increased in the past year, the rise was not considered sufficient to invoke the escalator clause.

Jurisdiction Dispute Is Before PSC

LITTLE ROCK (AP)—A state Public Service Commission hearing has been set March 15 on a jurisdictional dispute between telephone companies involving service to central Arkansas Titan II missile sites.

J. M. Malone, a member of the PSC, said Tuesday both firms, Southwestern Bell Telephone Co. and Allied Telephone Co., would continue to provide telephone service to the sites, regardless of the dispute.

Ten missile sites involved in the dispute are in the territory of Allied Telephone Co., but instruments at the sites will be tied into the Little Rock Air Force Base, which is served by Southwestern Bell.

Lt. Col. Lee M. Paschel of the Scott (III) Air Force Base, negotiator for the missile base program, said the Air Force is not taking sides in the dispute.

He said the testing of Missile Site 4 base near Pangburn had been "thwarted as a direct result of the disagreement."

Allied filed a complaint last Sept. 4 seeking to restrain Southwestern Bell from allegedly encroaching on its territory. Southwestern Bell filed a complaint last week objecting to an Allied rate increase involving service to the missile sites. The PSC combined the complaints for the hearing.

Emphasis on Fish Farming Is Sought

WASHINGTON (AP)—The full potential of fish farming operations may never be realized in Arkansas unless increased emphasis is placed on the project, Sen. J. William Fulbright, D-Ark., said Tuesday.

Fulbright asked a Senate Appropriations Subcommittee to provide more money for experimental fish farming in Arkansas than has been budgeted by President Kennedy.

The budget proposes, for research in rice-growing areas of Arkansas where certain lands lie fallow each year, \$119,000 for operation of the Stuttgart research station and \$100,000 to continue construction of the Kelso Substation.

"I fear that unless increased emphasis is placed on solving various problems, more and more fish farmers will become so discouraged that the full potential of this new type of farming will never be realized," Fulbright told the committee.

He said "a substantial increase in the budget for this project is required if the needs of fish farmers are to be met any time in the foreseeable future."

Fulbright said an additional \$316,000 is needed for the research project for the year starting next July 1.

Loans for Housing

WASHINGTON (AP)—Loans to five Arkansas communities were approved Tuesday by the Public Housing Administration for the purpose of financing construction of low-rent homes. A loan of \$3,971,329 was approved for North Little Rock, Ark. for construction of 279 homes, of \$14,800 to Brinkley, Ark. for 74 homes, \$35,000 to Fort Smith, Ark. for 280 homes, \$10,000 to Searcy, Ark. for 50 homes and \$27,500 to West Helena, Ark. for 150 homes.

Incident in Caribbean Is Protested

MOSCOW (AP)—The Soviet Union charged today three U.S. warships fired dummy shells at a Russian fishing vessel last Friday in international waters about 70 miles east of Norfolk, Va.

A protest to Washington asserted two cruisers and a destroyer fired on the refrigerator trawler in "An act of sheer wantonness which could have grave consequences."

It said "The U.S.S.R. government regards this shelling as a gross violation of generally accepted international law standards and of the principles of freedom of navigation in the open sea," an announcement by the Soviet news agency Tass declared.

The Russians said the trawler was engaged in fishing on the high seas when the warships approached at 12:15 p.m.

"In all, four shots were fired, endangering the trawler and her crew," Tass said.

"The Soviet government expects that those guilty will be punished and the necessary measures taken to prevent such actions in the future."

Tass made no mention of dummy, or nonexplosive shells. But Moscow Radio referred to the shells as dummies.

"According to information received, two U.S. cruisers of the Boston type and a destroyer of the Frank type fired at the Soviet refrigerator trawler SRTN 9,000-7, engaged in fishing on the high seas," the radio said.

"At the time of the firing, the Soviet trawler was 70 miles east of Norfolk."

"The U.S. warships at 12:15, fired two artillery rounds with dummies from a range of five miles at the trawler. The shells fell about 130 meters (about 400 feet) from the vessel."

"Subsequently at 12:25 p.m. Approaching to within one kilometer (.6 of a mile), they fired two more shots with dummies which fell 60 meters (about 190 feet) from the trawler."

"By their actions the U.S. warships created a threat to the safety of the Soviet trawler and her crew."

The Moscow announcement said the note was delivered in Washington, where there was no immediate comment.

MOSCOW (AP)—The Soviet Union today charged a U.S. warship fired on a Soviet fishing vessel in the Caribbean Sea.

Dean Murphy Named to Commission

LITTLE ROCK (AP) — Leon Kuhn of Texarkana was reappointed to the Arkansas Industrial Development Commission today by Gov. Orval E. Faubus.

Faubus released a long list of appointments and reappointments. New appointments included:

Guy E. Robbins of Hot Springs to the Henderson College board.

Dr. Henry Alexander of Fayetteville, Walter F. Lackey of Low Gap, Dr. R. E. L. Bearden of Little Rock, J. L. Erwin of Arkansas City, Winston G. Chandler of Little Rock, J. L. Salver of Wynne and Charles Martin of England to the reorganized History Commission.

Dean Murphy of Hope, Roland Morris of Pocahontas, G. Allen Robinson of Harrison, T. A. French of Piggott, Donald Libby of Hot Springs, J. F. Reaves Jr. of West Memphis and V. S. Parham of Magnolia to the new Geological Commission.

John Faulkner of Mena, Garland Brewster Jr. of Pine Bluff, Abbott Kinney of Dermott, Martin Berchert of Little Rock, Ted Larimer of Green Forest, L. V. Ritter of Marked Tree and Knox Kinney of Forrest City to the new Planning Commission.

Ralph W. Robinson of Van Buren, Dr. C. A. Flowers of Pine Bluff and Maurice Webb Williams of Little Rock to the Arkansas AM&N College board.

Mrs. New Stewart of Texarkana to the Southern State College

AP Speaker to Be Spaceman

NEW YORK (AP)—Marine Lt. Col. John H. Glenn Jr., first American to orbit the earth, will be the principal speaker at The Associated Press annual luncheon on April 22.

Paul Miller, president of The Associated Press and head of the Gannett group of newspapers, made the announcement Tuesday. He said Glenn would discuss the space program of the National Aeronautics and Space Administration and the meaning of the program to the future of the United States.

Approximately 1,500 editors and publishers from the United States and Canada and guests are expected to attend the luncheon at the Waldorf-Astoria Hotel.

The Associated Press meeting and luncheon will inaugurate a week of meetings of newspaper executives, including the annual convention of the American Newspaper Publishers Association.

Smoking Conference

By THE ASSOCIATED PRESS

FORT SMITH, Ark. (AP) — An all-day youth conference on cigarette smoking will be held here March 18 with about 75 students and 20 adults from five counties to attend. The counties include Sebastian, Franklin, Logan, Crawford and Scott.

ISTANBUL, Turkey (AP)—Sixty-four houses were destroyed and more than 100 badly damaged by earthquakes Monday in villages of Denizli Province in southwest Turkey, press reports said Tuesday night.

board. Charles T. Thomas of Parkin, Curtis Echols of Arkadelphia, Mrs. D. D. Wallace of Little Rock, L. E. Peterson of Decatur and R. W. Morgan Jr. of Morrilton to the new Savings and Loan Association board.

Reappointments included: Porter C. Young of Helena to the Mississippi River Parkway Commission.

John H. Wilson of Magnolia to the Southern State Board.

Horace Fisher of Malvern to the Publicity and Parks Commission.

Gene Waldon of Ozark to the Arkansas Tech board.

Dr. R. C. Dickinson of De Queen to the State Hospital board.

Mrs. J. T. Cone of Searcy and Mrs. Clara Speaker of Conway to the Girls Training School board.

Van Smith of Tuckerman to the Arkansas State College board.

Harold F. Ohlendorf of Osceola to the Children's Colony board.

CHARGED — Virginia Skowron, wife of Los Angeles Dodgers' ballplayer, Bill Skowron displays a bandaged arm as she talks on a phone from her beauty shop in Ramsey, N.J. She said her arm was bruised when her husband and a detective paid a surprise visit to their home in Hillside, N.J. Skowron, who claims he found his wife in a compromising position with another man, is charging his wife with criminal adultery. Mrs. Skowron charged her husband and the detective with assault and battery.

30,000 Left

Continued From Page One

West Virginia. Two of the victims drowned and three others suffered heart attacks while trying to escape the high water.

Gov. W. W. Barron asked the President to declare 11 hard-hit West Virginia counties a disaster area as residents attempted to salvage household possessions. In mountainous western Virginia, streams spilling over their banks drove nearly 5,000 persons from their homes. Property damage in a nine-county area was estimated at \$5.2 million.

A tornado stormed through Tallapoosa County in central Alabama, wrecking buildings, churches and utility lines and causing damage estimated at \$50,000.

The twister struck the day after tornadoes roared across a three-state area, killing two persons in Alabama, two in Mississippi and one in Tennessee.

Central Arkansas: Clear to partly cloudy this afternoon, tonight and Thursday. Cooler this afternoon and tonight. Partly cloudy and warmer Friday. High this afternoon low to mid 60s. Low tonight upper 30s to lower 40s. High Thursday afternoon low to mid 60s.

Northwest Arkansas: Considerable cloudiness and cooler this afternoon and tonight. Clear to partly cloudy and a little warmer Thursday. High this afternoon upper 40s north to upper 50s south. Low tonight 26 to 34. High Thursday 55 to 62. Partly cloudy and warmer Friday.

Northeast Arkansas: Partly cloudy this afternoon and tonight and a little cooler. Clear to partly cloudy Thursday. High this afternoon mid 50s to mid 60s. Low tonight 26 to 34. High Thursday 55 to 62. Partly cloudy and warmer Friday.

Southwest Arkansas: Generally fair this afternoon, tonight and Thursday. A little cooler. High this afternoon upper 50s north to low 70s south. Low tonight 34 to 40. High Thursday 58 to 65. Cloudy and warmer Friday.

Southeast Arkansas: Generally fair this afternoon, tonight and Thursday. A little cooler. High this afternoon in the 60s and low 70s. Low tonight 34 to 40. High Thursday 58 to 65. Partly cloudy and warmer Friday.

Arkansas — Partly cloudy to cloudy today and tonight; partly cloudy Thursday; colder today and tonight; high today 50 north-west, 65 southeast; low tonight in the 30s.

Eastern and Southern Missouri — Cloudy and colder today; partly cloudy southeast, clearing elsewhere and colder tonight; fair Thursday; warmer except extreme southeast; high today 37-47; low tonight 20s except low 30s extreme southeast.

Lineman Signs With Porkers

FORT SMITH, Ark. (AP) — Beland, an all-state tackle for the Fort Smith St. Anne Buffaloes, has signed a letter of intent with the University of Arkansas.

Beland was signed by Arkansas coach Steed White. The 6-2, 195-pound lineman plans to study business at the University.

He was a three-year letterman at St. Anne's.

Voters List Is

Continued From Page One

Inability of his forces to get the bill passed without a cloudy was the first legislative defeat for the five-term governor in this session.

The bill passed Tuesday already had cleared the Senate and is now ready for Faubus' signature.

Pending in the House while this bill was being considered was another Senate bill with punitive features. It was recalled to the Senate after the vote on the milder measure.

The punitive bill would have revoked the license of any life insurance company which did not invest 50 per cent of all its Arkansas policy reserves.

A number of other insurance measures also were withdrawn after the compromise bill passed.

The Senate tabled a House bill which would have changed the distribution formula for highway revenues to give cities an additional \$1.6 million a year at the expense of the state highway fund.

The Senate also tabled a House resolution calling on all officials to enforce gambling laws.

The resolution was the outgrowth of a bitter House dispute over an anti-gambling bill which finally was withdrawn.

The other registration bill passed by the House Tuesday was the one by Perry County Rep. Paul Van Dalsem. It was brought up in a surprise move during the morning hour after the House had voted to limit debate on all bills considered during the period to three minutes on the side.

So in six minutes the House disposed of a matter over which it has argued long and bitterly over a period of weeks.

Van Dalsem said he would have preferred to pass a registration bill by Benton County Rep. Hardy Croxton but that Croxton wouldn't bring his bill up because it was amended to include a party loyalty provision that Croxton objected to.

Van Dalsem was strong for party loyalty, but such a requirement was stricken from his bill by amendment.

"I'd rather make people register by party, but I feel we should have some kind of registration bill this session even if I don't agree with all of it," Van Dalsem said.

Allen based his objections to the bill on party loyalty. He said that although the requirement that voters register by party was stricken the bill still has a provision that registration records must be kept by party.

Through an error the bill was not read at all Tuesday. It will be read a first time today.

If Allen's objections to a second reading are sustained, the bill probably is dead for this session. A two-thirds vote would be necessary to get the rules suspended and have the bill read twice in one day over Allen's objections.

Both houses cleared their calendars of most appropriations bills Tuesday. The Senate passed the Arkansas Industrial Development Commission budget without comment as the House did Monday.

The bill gives Faubus veto power over how the AIDC spends \$180,000 a year for advertising and professional services.

The Senate also passed House appropriations bills to provide \$220,000 during the next two years for operation of an educational television station, \$550,000 for construction of two new vocational-technical schools and \$20,000 for preparation of a state history text book.

A bill to provide \$250,000 in federal funds, if any become available, has cleared both houses, but the House defeated a bill to allocate \$150,000 in state money for construction.

The House passed and sent to the Senate bills to recodify some election laws and to prohibit employers from discriminating against employees who file workmen's compensation claims.

The House defeated bills which would have let cities in dry counties vote wet, prohibited firms and persons which prepare income tax returns from advertising and kept Little Rock from including a landmark restaurant in an urban renewal project.

The House passed and sent to the governor Senate bill to: Appropriate \$25,000 for refurbishing the governor's office.

Place a 3 per cent sales tax on proceeds of coin-operated amusement machines.

Set the minimum pension for retired volunteer firemen at \$30 a month.

Repeal sections of the Washington County initiated salary act. Exempt transformers and gas regulators sold to utility companies from the state sales tax.

The Senate passed and sent to the governor House bills to: Permit Little Rock and Hot Springs to create historical districts and preserve landmarks therein.

Require the Highway department to furnish free engineering work on federal-aid county road projects.

The Senate tabled a House bill which would have imposed a premium tax on fire protection policies sold inside cities with the money allocated to firemen's pension funds.

Saturday, March 16

The Hope Country Club will entertain members and their invited guest with a Western Dance at the Club House Saturday, March 16 at 8:30 p.m. Wear a Western garb and a prize will be given to the best dressed Western Couple.

Master Point Night Held

Master Point Night for the Hope Duplicate Bridge Club was held Monday, March 11 at the Hope Country Club with four tables of players. Mrs. E. P. Young Jr., and Miss Elizabeth Bridwell took top scoring honors.

In second place were Mrs. R. L. Broach and Dr. Harold Brents. Mrs. R. T. White and Mrs. Lloyd Spencer were third, and Mrs. E. J. Whitman and Mrs. Syd McKnight were fourth.

Melrose HD Club Meets

Mrs. A. C. Kirby entertained the Melrose HD Club on Tuesday. One new member was welcomed to the group. She is Mrs. Otis McKnight.

The president, Mrs. Kirby, called the meeting to order and read the scripture. Mrs. Sam Betts led in playing some games and ice cream, cake and cold drinks were served for refreshments.

Mrs. Virgie Robertson will be hostess for the meeting on April 2.

Paper Bag Plant to El Dorado

EL DORADO, Ark. (AP) — A paper bag manufacturing plant will locate here, Lee Zachery, executive director of the Greater El Dorado Industrial Development Committee, announced Tuesday.

He said the plant would occupy a five-acre tract in the El Dorado Industrial District.

The plant, to have about 21,000 square feet, would cost over \$350,000, Zachery said, and employ 50 persons. Construction is to begin immediately, with operations scheduled to begin Aug. 1.

Zachery said a new corporation will be formed by Louis T. Hall Jr. of Monroe, La. He said Hall would move to El Dorado.

The plant is to make packages for dog food, charcoal, ice, potatoes, beans, sugar, rice and other products. Raw materials and ink will be purchased from nearby paper mills and local manufacturers, Zachery said.

Victory HD Club Meets

The Victory HD Club met on March 6 in the home of Mrs. Dexter Alford. The meeting was opened by the president, Mrs. C. J. Rowe. All joined in singing "The More We Get Together" led by Mrs. Robert Cash.

The hostess gave the devotion, followed by the Lord's Prayer in unison. Each of the 12 members answered roll call by giving a helpful sewing hint. Routine business, old and new, was by Mrs. L. J. Hampton, secretary.

"Spring Fashions" was conducted by the clothing leader, Mrs. Alford. She used the letters in the word "Spring" to illustrate her talk and explained the proper way to make collars.

A reading entitled "Walking" was given by Mrs. Joe Willett. Mrs. Orville Hoelscher presented several helpful household hints and a recipe and Mrs. Tommy Thompson won the Thrift Garment. Mrs. Jack Sumpter conducted a Bible Quiz with Mrs. Hampton the winner.

Sandwiches, cake squares and cold drinks were served to 12 members and two children.

Coming and Going

Mr. and Mrs. Dale Flowers and daughters are visiting Mr. and Mrs. Herbert Griffin before moving back to Southwest Arkansas from Houston, Texas.

Mr. and Mrs. Charles Benson and family of Richardson, Texas spent the weekend with Mr. and Mrs. H. E. Benson.

Judge and Mrs. Harry Lemley had as luncheon guests Tuesday, J. N. Heiskell, Richard Butler, and Everett Tucker, all of Little Rock.

Washington Schools Are Disgusting

By JOSEPH E. MOHART

WASHINGTON (AP)—Six members of Congress toured two public schools Monday in the capital of the United States. Curious when they went in, they were disgusted when they came out.

They found conditions they described as a blight, a disgrace, shocking and terrible.

The six—members of the House Education Committee—were escorted through Pierce Elementary and Hine Junior High School.

Pierce, age 69, snuggles 400 youngsters into its eight rooms designed for 280. "Horrible Hine," as intimates know it, is 76. Its 800-capacity plant has 1,174 pupils. The two are not typical of all district schools.

"My god!" blurted Rep. John H. Dent, D-Pa., faced with a small, damp basement room in which wrapping paper served for window shades.

"We wanted to use our basement room for our slowest students, but it was too damp and too poorly lighted," explained Pierce Principal Frederick A. Smith. "So we use it to show educational films."

Further along the Pierce tour, the group came upon classrooms crowded with more than 40 children, a ragged hole in a top-floor ceiling, four double-shift classes and a tiny play area in which, Dent said, "children would have to stand on each other's shoulders to fit."

They inspected outdated and tattered textbooks and were shown boys' and girls' basement lavatories with one wash basin each.

"Some congressmen still have two wash basins in their offices," remarked Rep. Edith Green, D-Ore. "These conditions are a disgrace in a society which calls itself affluent."

Mrs. Green led the group investigating the need for construction funds for Washington schools.

In the Hine school, the group noticed mops and buckets on a staircase and were told by Principal Howard F. Bolden, "This is the only place we have on this floor for janitors' supplies."

They stepped over debris left over from a 1959 fire which damaged the third floor. They walked under hanging wires—part of the bell system on the dimly lighted first floor.

So the tour went. And when it ended, Dent, Mrs. Green and the others — Reps. John Brademas, D-Ind., Charles E. Goodell, R-N.Y., Carlton Sickles, D-Md., and Albert H. Quie, R-Minn.—were astounded.

"It is a blight on the prestige of our country to have these conditions in the nation's capital," said Quie. "There is just no excuse."

The District of Columbia and its public facilities are the special responsibility of Congress.

Mrs. Richard J. Tirpak

The Church of S S Peter and Paul in Waterbury, Conn., was the setting Saturday morning, Feb. 23, 1963, at 11 o'clock for the wedding of Miss Mary Jane Willett daughter of Mr. and Mrs. William E. Wilson, Hope, to Mr. Richard John Tirpak, son of Mr. and Mrs. Michael Tirpak, 47 Gates Ave., Waterbury, Conn.

The nuptials were performed by Rev. Joseph A. Devine and followed by a reception in Philis Restaurant for the 150 guests, from Arkansas, Massachusetts, and Conn.

Given in marriage by her brother, Jimmy Wilson, the bride was gown in Chaplilly Lace and Peau de sole, fashioned with scalloped Sabrina neckline, cut to a V in back, fitted lace bodice with long tapered sleeves and wing skirt of peau de sole, with lace appliques and back bow. A crown of seed pearls held her silk illusion finger tipped veil, and she carried an arrangement of white Carnations, centered with a lavender orchid.

The altar of the Church was banked on each side with baskets of white Gladioli.

Miss Barbara Tirpak, sister of the bridegroom, was Maid of Honor and Mrs. Robert Neville, Dorchester, Mass. sister of the bride, was her brides maid. Colonial bouquets of pink and white Carnations complemented their street length dress of French blue brocade taffeta. Their bow head

dressed were of matching blue satin.

Best man for Mr. Tirpak was Raymond Massicotte, Waterbury. Ushers were Andrew Ohtnick, cousin of the bridegroom, Terryville, Conn. and Johnny Jimmy Wilson, the brother of the bride.

For her daughters wedding, Mrs. Wilson chose a French blue silk costume and corsage of pink carnations. A similar corsage was pinned to the dress worn by the mother of the bridegroom, with deep brown hat.

Miss Loretta Parduecia of New Haven, Conn., cousin of the groom, presided over the brides book. A three tier wedding cake topped with wedding bells was served at the reception.

For the wedding the newly weds toured Virginia, North Carolina, and Washington D. C.

The bride traveled in a brown knit suit with beige and brown accents. To her shoulder, she pinned the orchid from her bridal bouquet.

Mr. and Mrs. Tirpak are now residing at 423 Meridan Rd. Waterbury, Conn.

Mrs. Tirpak was graduate from Hope High School Hope, Arkansas 1962. Her husband a graduate of Waterbury Crosby High School class of 1958, served four years with the U.S. Air Force and is with Pratt and Whitney Aircraft of Southington, Conn.

and quiet but we know from experience that underneath this quiet, kind-acting exterior, lurks a little demon.

If he marries this girl, he will be so unhappy. He's just a puppet in her hands — she pulls the strings, he dances.

We hoped to gain a daughter instead of lose a son when he married, but if she gets him, it's goodbye to our boy.

Last fall he met a girl in Ohio who is fine and decent — just a few months older than he. They date when he's on furlough visiting my father. Is there any way we can help this romance along and discourage the other? —Harassed Mother

Dear Harassed: If you oppose your son, he's a soner. Make a point of looking the girl up. Phone or write her a little note asking her to drop by. Invite her to your home each time he is on furlough. Send him news of her in every letter. Be patient, but don't forget: Your boy's got to live his own life!

Dear Helen: Dad broke the news to us last week-end that he is being transferred next June to a city 2,000 miles away. This means separation from the boy!

planned to marry one day. Now my boy friend urges me to elope with him; otherwise we shall be separated and neither of us can stand that.

I'm an 18-year-old high school freshman, he a 21-year-old college freshman. Our love is mature, yet I hesitate to hurt my parents or give up the chance of completing my education. What do you advise? —Confused

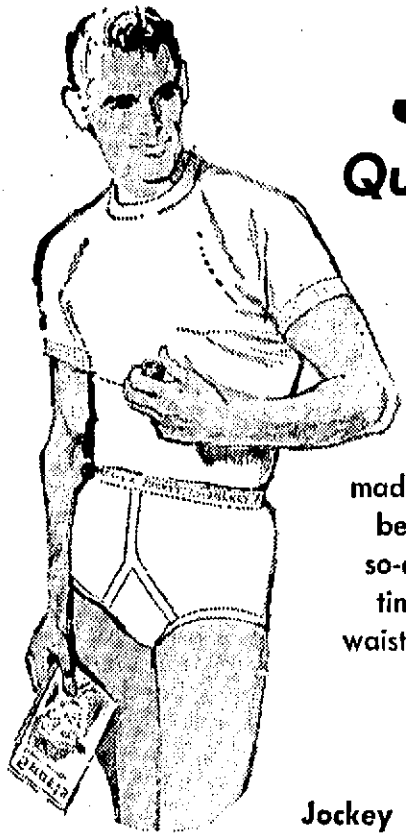

Dear Confused: Put on the brakes. You wouldn't raise the question about your education unless you know very well in your own mind that it should come first. Tell your boy friend that once having completed college, you'll be all the better qualified for marriage. Neither time nor distance is any deterrent to true love. Two thousand miles means nothing in this day of jet-planes.

There might even be a chance of your boy friend enrolling in the college of your choice. Then you could marry and continue your studies together. Send a stamped, self-addressed envelope for my leaflet, "To Marry or Wait."

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped self-addressed envelope.

DOROTHY DIX

LOVE'S ROCKY ROAD

By HELEN WORDEN ERSKINE

Dear Helen: I read your answer to the orderly who was supposed to be in love with a nurse. Well, I'm the nurse.

You advised him to put me out of his mind and get on with his career as a medical student.

I'm not the cold-hearted iceberg you and he think. Far from it! I love him just as much as he loves me and can't stop thinking of him night or day. I rebuffed him because, since we work in the same hospital, it seemed better to avoid criticism — marriage being out of the question for either of us at the moment.

But now, if he asked me for a date, I would accept. Instead he looks the other way.

If he really loved me, wouldn't he break down my resistance no matter what I or you said? Maybe he just hasn't got what it takes to be a man. Perhaps he fears I will say, "Yes." Should I be the one to take the aggressive since it's a woman's prerogative to change her mind? —Careful

Dear Careful: You both act like a couple of inarticulate youngsters! There is nothing wrong in dating the orderly if you are both fancy free. To be reserved while on duty is right. But after hours what you do is your business.

If you really care, put the boy at ease. Invite him to your home, introduce him to your family and friends. Make him feel part of your world.

The impasse is in your own minds. Inability to say what you think is a tragedy. For want of words and the courage to say them you are writing finis to what could be a happy friendship or even marriage. Send a stamped, self-addressed envelope for my leaflet, "Making Conversation."

Dear Helen: What to do about my son and his 15-year-old girl friend? That question plagues me night and day. He was 18 last November.

They've dated since she was 13. She's very possessive; won't share him with any one — not even his parents.

When he went into Service (he's a paratrooper now), she wouldn't even let him say goodbye to his

aunt and grandfather in Ohio.

She's worse than a jealous wife — selfish, wilful, spoiled. One minute sugar and spice, the next perfectly horrid. Then she'll cry on our boy's shoulder that life wouldn't be worth living if she lost him and sweet-talk her way back into his heart.

He's completely bewildered by her tantrums. She can be nice

Paraquold to Get Post Office

DALLAS (AP) - The General Services Administration announced today it has negotiated a contract for completion of the post office at Paraquold, Ark. David Phillips, regional administrator of the GSA, said the negotiation came about after the original contractor became bankrupt. Details of the original contract were not available in Dallas.

The negotiated contract for completion was \$439,777.70, Phillips said. The new contractor is Garbi and Joseph Construction Co., Inc., North Little Rock, Ark.

Worst Flood in History in Kentucky

HARLAN, Ky., (AP) - The worst flood in history for parts of south-east Kentucky chased thousands of residents from their homes today and caused property damage estimated in millions of dollars.

One death was reported. Hogan Billiter of Pikeville, a fireman, died when a Chesapeake & Ohio coal train hit a landslide and plunged into a river near Pikeville. The engine and seven cars went into the water. Three trainmen were injured.

State police reported that about 75 children were marooned in Riverside School in Breathitt County, several miles north of Hazard. Officers said there was no immediate danger. Roads in the area are under water.

State authorities said 3,000 persons were evacuated Monday night and today from the Beaver Creek area of Floyd County near Prestonsburg. More than 1,800 residents at Harlan, a community of 4,000, were forced from their homes by high water. For Harlan County, evacuations totaled more than 2,000 families.

Police at Pikeville said more than 12,000 persons had been evacuated by 9 a.m. from Floyd and Pike counties, where the Big Sandy River was flooding.

Hazard perhaps was the hardest hit community. The entire downtown area was flooded and evacuated. The north fork of the Kentucky River was expected to climb to 22 feet above flood stage at Hazard during the day.

Police said Harlan had been cut into two isolated sections by water. The river neared its crest at 13 feet above flood stage.

"It's the worst flood in our city's history," reported Springer Hoskins, editor of the Harlan Enquirer, "even worse than 1946 when the crest was 25 1/2 feet."

Harlan's pumping plant was covered by the flood and the only drinking water available was that in the reservoir.

"It's about half full," Hoskins said, "meaning we have less than a day's supply of water."

Telephone calls were restricted to emergency use only.

The rescue squad at Harlan received a report that a truck had been buried in a mud slide on U.S. 119 near Harlan. It was not learned whether anyone was in the truck.

Downstream from Harlan, the Cumberland River rose rapidly at Pineville, Barbourville and Williamsburg. All three communities expected heavy flooding.

At Frankfort, Lt. Gov. Wilson Wyatt sent a telegram to President Kennedy asking that 20 eastern Kentucky counties be declared "Gov. Bert Combs is out of the state."

Now They Are Awaiting Trial

SAPPORO, Japan (AP) - When the Japanese defense forces built an artillery range near their pasture, Tatami and Miharu Nozaki complained the noise of the firing was making their cows nervous.

When the guns continued to boom, the two brothers complained their cows were refusing to give milk.

As the booming continued, the Nozakis complained that the noise was causing the cows to lose their fertility.

Finally the irate brothers snipped the communications wires connecting the guns with observers in the target area.

Then there was silence. But the Nozakis are awaiting trial on charges of destroying government property.

Highway Course

FAYETTEVILLE, Ark. (AP) - Little Rock Public Works Director J. B. Carter and assistant city engineers Clifford V. Keheley and Carroll F. Ball will attend the highway short course sponsored by the state Highway Department and the University of Arkansas here Thursday and Friday.

Sees No Use for Special Session

LITTLE ROCK (AP) - Gov. Orval E. Faubus said today he sees no prospect "of anything being left undone" in the 1953 legislative session.

The governor said unless a voter registration system comes out of this session, a special session might have to be called for that, but that he doubted it would be needed within the next two years.

"This thing is proceeding pretty slowly," Faubus said of a proposed constitutional amendment now before the state legislatures to abolish the poll tax. "It hasn't generated as much interest as they thought it would."

More People Bring Lunch to Work

By HAL BOYLE
NEW YORK (AP) - The custom of bringing one's lunch to work is no longer confined to the blue collar class.

As a matter of fact the average blue collar worker is so busy earning overtime, he can hardly afford to waste his youth in eating.

"The white collar employee is quite another matter. He can hardly afford to live unless he brings his lunch to work. There was a time when his white collar was a status symbol. Now it is just a badge of indoor serfdom."

Anyway, for one reason or another, the average office worker is crowded now at lunch time with folder chompers. Among them you are sure to find these typical characters:

The Inheritor - All he ever has to eat is what is left over in the refrigerator from the day before. If it's stale stew hewarms it up by carrying it to work in a plastic bag in his pocket.

The Classicist - On Monday, Wednesday and Friday he brings in baloney sandwiches; on Tuesday and Thursday he brings in liverwurst sandwiches. The male members of his family have subsisted on this midday fare since the invention of bread.

The Intellectual - He nips on canapes his wife saved from the last literary do-do, and sips from a small carafe of cheap but adequate red wine from a small but sensitive vineyard on the north slope of a name vineyard in Burgundy where an unknown poet once died climbing uphill, between bites and sips he reads from a volume of Proust in the original Proust.

The Trader - This nomad of the locker room wanders the area offering to exchange an extra slab of his mother-in-law's meat loaf for any dessert you have, particularly if it is cheesecake.

The Mechanical Gourmet - He has a slot machine appetite. He eats whatever his nickels and dimes will fetch - chocolate milk, canned soup, candy bars. At the end of the luncheon hour he is begging everyone in sight to give him change for a half buck so he can play the machines some more. If he can't eat what comes out, he lights it up and smokes it.

The Sanitary Aristocrat - He brings a lunch in a picnic hamper that would feed a starving troop of Girl Scouts. After finishing the caviar, he dips his hands in the water fountain before going on to the fried chicken.

The Wait - "I got up so late this morning my wife didn't have time to fix me anything," he murmurs as he strolls from table to table, borrowing a piece of corned beef sandwich here, half an apple core there. Actually, he's putting his luncheon money into common stocks and hopes to be able to retire by the age of 50.

Dr. Anders' Dilemma By Henry and Sylvia Lieferant

Chapter XXI

"Sit down, Dr. Thorne, won't you? Miss Horton - over here."

Miss Nanniman was separating them: Nancy in the chair to the right of her desk, Thorne in the one at her left. She was studying the girl, however, and if the confusion on Nancy's face was pretty, as Thorne had ordered it to be, it was also genuine. Every moment of delay increased Nancy's fright. She had expected that Tony Thorne would stride into the Super's office, tell a convincing story quickly and decisively, as he gave orders in the operating room, and settle the matter. Every moment of delay, it seemed to her, added a possibility of failure of their plan.

"You know, Miss Nanniman - you're giving your girls rare training here. I can't imagine another school where a nurse would find what you offer. I think I never quite realized that until last night."

She was flattered but not quite taken in. "Credit for that belongs to the internist, Dr. Cornish, and of course the Chief of the Surgical Staff, Dr. Bascomb."

Thorne resumed in a softer tone, "Nancy shouldn't be punished for what she's done. She ought to get a medal for behavior vastly creditable to the profession."

"And how would you be in a position to know that, Dr. Thorne?"

"Nancy was with me all night," he said.

The Super's stunned surprise showed in the reddening of her handsome face. Her gray eyes flashed.

"Well, Dr. Thorne! Do you think that explains anything?"

"A man and a girl guilty of an indiscretion would hardly step forward and confess."

Nancy drew in her breath convulsively and let it out slowly. Thorne was more clever than she had believed him to be, for he had, as it were, caught Miss Nanniman in an indiscretion of thought - an injustice, anyway, an act put her in a position where she would try to make amends.

"Why was she with you all night?"

"Of course I should have called you this morning. I meant to, but I overslept, and then had office patients waiting."

He slipped quite easily into the telling of the story. He told how when he was finished at the office at six, Nancy had met him in a downtown restaurant which he named.

Miss Nanniman sat erect at first, but as she listened she gradually began to relax - or at least it was relaxation for her. Her spine and the back of her head were not quite in perfect alignment anymore, and she unfolded her hands and rested them on the desk.

Nancy almost believed Thorne's story herself as he gave graphic details and specific incidents. After they finished dinner, they had driven up Fifth Avenue, idling along to watch the strange sunset. "Did you notice the sunset, Miss Nanniman? Odd, wasn't it, the way the color sifted down through the atmosphere?"

Nancy remembered the sunset too.

At about 10 o'clock he found himself in a neighborhood where he had a patient whom he thought he'd drop in on, and he had asked Nancy to wait in the car.

"I found the husband had been trying frantically to locate me. His wife, my patient, had been ill a number of weeks. I'd recommended hysterectomy, but she wouldn't consent. I was afraid of just what happened - hemorrhage." He clipped out a mass of scientific terminology and description, giving Miss Nanniman every aspect of the case history and diagnosis.

"Frankly, I forgot Nancy had to be back at the hospital. It was an emergency. I didn't dare move the patient to a hospital. I couldn't wait two hours to get a nurse from an agency. I had one in my car, and I rushed her upstairs."

He had thought it might be a matter of an hour. "But you know how these cases are sometimes. I never looked at a clock. Nancy found some sort of white bungalow apron in the kitchen and got to work with me. You know, I don't think that girl sat down once all night. I remember how she drank a cup of coffee, standing against the kitchen sink. She was really splendid, Miss Nanniman, as good as any graduate nurse. I'm afraid she lost herself so completely in her work that she forgot the rules and prohibitions..."

Miss Nanniman said, "It is, of course, quite praiseworthy of a nurse to exclude all personal demands from her work, and quite in keeping with the tradition of the profession. But why, my dear, did you not tell me this?"

"I -" Nancy began.

British Cool to U.S. Proposal

LONDON (AP) - British officials were reported cool today to American suggestions that a proposed multinational North Atlantic Treaty Organization nuclear force be made up of surface ships armed with Polaris missiles.

They were said to fear this new plan would snarl Britain's switch-over from the Skybolt missile to Polaris nuclear submarines as agreed between president, Kennedy and Prime Minister Harold Macmillan in Nassau in December.

Newspapers said it would be the second major shift in British defense planning in four months.

"Whether this is more a reflection of British ineptitude or American diplomatic clumsiness is an open question," the conservative Daily Telegraph said.

Bruins Become Final Entrant in NCAA Meet

By SHELDON SAKOWITZ
Associated Press Sports Writer

The UCLA Bruins, almost counted out of the Big Six Conference race two weeks ago, have become the final entrant in the 16-team NCAA Regional Basketball Tournament field.

UCLA eliminated the Stanford Indians 51-45 in a playoff to determine the Big Six representative at Santa Monica, Calif., Tuesday night. The victory qualified the Bruins for a berth in the Far West regional semifinals at Provo, Utah Friday night.

The Bruins, in gaining their second straight league crown, will meet Arizona State University in the Far West bracket.

A week ago Stanford led UCLA by two games with two games to play. But the Bruins lost to the Bruins Friday and to Southern California Saturday. UCLA tied for first place by beating California Saturday.

NCAA regional semifinals at four sites will be held Friday night with the regional finals Saturday evening. The four survivors then advanced to the national semifinals and championship game at Louisville, Ky., March 22-23.

Eight of the nation's top ten teams in the final Associated Press poll have qualified for the regional semifinals. Top-ranked Cincinnati will be seeking an unprecedented third straight championship.

Other members of the Top Ten competing are Duke, No. 2; Chicago Loyola, No. 3; Arizona State, No. 4; Mississippi State, No. 5; Illinois, No. 6; New York University, No. 7; and Colorado, No. 10.

The NAIA Tournament at Kansas City completed its second day of opening round games Tuesday and trimmed the field to 16 teams. Among the highlights, second-seeded Augsburg, Minn., turned back West Virginia State 67-57 and seventh-seeded Western Illinois was upset by Miles, Ala., 84-81.

Eight games are scheduled for the second round today and tonight.

The quarter-finals of the NCAA college division tournament take place today and tonight at Evansville, Ind., with four ranked teams in the AP's final small college Top Ten in the field, headed by top-ranked Wittenberg, Ohio.

The 26th annual National Invitation Tournament with 12 entrants gets under way Thursday night in Madison Square Garden with a first-round doubleheader. In the opener, Villanova, 19-8, meets DePaul, 15-7, while Fordham, 18-7, opposes Memphis State, 18-5, in the second game.

Tavern Etching Given Washington by J. N. Heiskell

The Pictures

— Hope Star photos

J. N. HEISKELL, EDITOR of the Arkansas Gazette, on Tuesday presented to the Pioneer Washington Restoration Foundation a costly etching of the restored Tavern. The etching, shown in the top picture, was done by one of America's top artists, Thomas W. Nelson of Old Lyme, Conn. It was made from a photograph of the Tavern taken at Mr. Heiskell's request by Alex. H. Washburn, editor of Hope Star. The original etching, done in copper, was impressed on paper and mounted and framed — and The Star made a photographic copy as shown above just before Mr. Heiskell presented the etching to the Washington Foundation.

THE OLD TAVERN was restored two years ago with a grant of \$35,000 by Mr. and Mrs. Wm. R. King of Memphis, natives of Washington.

MIDDLE PICTURE shows Mr. Heiskell presenting the etching to Mrs. Charles A. Haynes, executive secretary of the Pioneer Washington Restoration Foundation. At the left is Miss Mamie Belle Holt, custodian of the Tavern, retired Hope school teacher.

TUESDAY MORNING Mr. Heiskell and two Little Rock companions viewed the Confederate historical collection of Harry J. Lemley, U.S. District Judge, retired at his home on the south side of Hope.

BOTTOM PHOTO shows the group, left to right: Judge Lemley, Mr. Heiskell, Richard C. Butler of the law firm of House, Helmes, Butler & Jewell; and Everett Tucker, president of the Little Rock School Board. The Little Rock men had luncheon with Judge and Mrs. Lemley and then went to Washington to present the Tavern etching.

Cassius Clay Fights Doug Jones Tonight

By MURRAY ROSE
Associated Press Sports Writer

NEW YORK (AP) — Cassius Clay takes the big step tonight on the road to a million dollars.

If cocky Cassius displays the punch to match his mouth against Doug Jones at Madison Square Garden, he could be well on the way to millionaire status before his 22nd birthday.

The 21-year-old, all-conquering heavyweight contender from Louisville is rated the favorite at odds ranging from 13-5 to 3-1 to whip the 26-year-old New York contender before a standing room only crowd of 18,732.

Starting time is 10 p.m., EST for the 10-rounder which will be telecast to 40 locations in 38 cities. New York will be blacked out of the closed circuit telecast.

For tonight's fight with Jones, Clay will earn about \$100,000 and Jones \$75,000. If he stops Jones in four, as he has predicted, or beats him decisively, he will be close to a title fight in September with heavyweight king Sonny Liston — providing Liston gets by Floyd Patterson again.

Jones never has been stopped. A fight with Liston — "that big, ugly bear" as Clay calls him — could earn Cassius his million. It also would give him the opportunity to achieve his ambition of becoming the youngest heavyweight champion of all time.

Patterson holds that distinction now. He did it when he was 21 years, 10 months and 26 days old. Clay, born on Jan. 17, 1942, has until Dec. 12 of this year to break the mark.

"I'm gonna stop that Jones and then I'm going to whip that gorilla Liston and he the greatest champion of them all," proclaimed Cassius.

Clay, handsome, strong and fast and still growing, stands 6-foot-3 and weighs about 205 pounds. He won the Olympic light heavyweight (175 pounds) title in 1960 and has won all 17 of his pro fights, 14 by knockouts.

He already ranks as the No. 2 contender behind ex-champion Patterson although his victims mostly include rookies and washed up veterans like Archie Moore, Willie Besmanoff and Alex Mitoff.

Jones, a pro since August, 1958, has a 21-3-1 won-lost-record including 13 knockouts. He is ranked third by Ring and fifth by the WBA.

Orioles, Sox Going Good in Exhibitions

By MIKE RATHET
Associated Press Sports Writer

Everything is coming up roses for the Baltimore Orioles and Chicago White Sox, but as always the world champion New York Yankees are finding the exhibition baseball trail lined with thorns.

The Orioles and White Sox, who completed one of the biggest trades of the winter, received maximum performances from some of their newcomers Tuesday while the world champion Yankees were held to a lone scratch single in a 5-0 loss to Milwaukee at West Palm Beach, Fla. It was the Yanks' third loss in five games.

Only Tom Tresh's infield single in the seventh inning prevented the Yankees from complete humiliation as Frank Funk, acquired in a trade with Cleveland, Claude Raymond and rookie Larry Maxie combined to pitch the Braves to their first victory in four games.

The Orioles whipped Detroit 7-2 in a night game at Miami, boosting their record to 4-0 and becoming the lone undefeated team, in either league, while the White Sox defeated the New York Mets 3-1 at Sarasota for their third triumph in four games.

Former White Sox regulars Al Smith and Luis Aparicio played key roles for the Orioles. Smith stroked a bases-loaded single to get Baltimore started in the first inning after Al Kaline had hit a two-run homer for Detroit. Aparicio wound up the scoring with a homer.

Former Oriole sDave Nicholson and Pete Ward drove in all the White Sox runs in the first inning against the Mets, Nicholson lashing a two-run double and Ward a run-scoring single. The Chicagoans received an added boost when comeback pitcher Herb Score allowed only one hit in three innings.

In other Florida games, the Los Angeles Dodgers edged St. Louis 4-3 at St. Petersburg, Philadelphia belted Cincinnati 12-6 at Clearwater, Pittsburgh nipped Washington 7-6 in 10 innings at Fort Myers and Kansas City beat Minnesota 7-4 at Orlando.

On the Arizona front, the National League champion San Francisco Giants downed Boston 4-1 at Scottsdale, the Los Angeles Angels walloped Cleveland 6-1 at Tucson and Houston rallied for a 6-5 decision over the Chicago Cubs at Apache Junction.

Court Reverses Lower Ruling

LITTLE ROCK (AP) — The Arkansas Supreme Court ruled Monday that Sebastian Circuit Court erred in making an insurance company a party to a suit brought against a Fort Smith plumbing company for allegedly setting a house on fire.

The high court remanded the lower court, saying that in making the insurance company a necessary party it prejudiced the case of the home owner.

Lutz Bros. Plumbing Co. was named in the suit filed by Mrs. Mary Limberg and her son-in-law Hugh Conner, and his wife. They alleged that plumbers negligently set their house on fire while doing some work. The fire caused \$11,988.15 in damages, they said.

Sebastian Circuit Court directed that the complaint be dismissed unless the insurance company was made a party to the suit. The jury returned a verdict for the plumbers.

The family had \$6,500 worth of insurance with Providence-Washington Insurance Co. and were paid the full amount.
